

READING THE BIBLE IN ONE YEAR

Some "pray-ers" (perhaps you) find it helpful to be assigned a structured schedule. This one takes you through the whole Catholic Bible in 52 weeks. You can wait until the first of January, or you can let today begin a new year with the word.

Give yourself permission to write in your Bible. Or, you may wish to jot down notes on your calendar or in a journal. If you are caught by a word or a phrase, consider praying it as a mantra through the day.
